Subject:- Knowledge Co-creation Programme (International Study Tour)-Call For Nominations

Dear Sir/Madam,

National Institute Of Secretariat Training & Development (NISTD), (Established by Department of Labour, Govt. of National Capital Territory of Delhi) Registration Certificate of Establishment No. :2022094022, representative of the various segments of Indian Industry. The Institute provides the impetus and the Organizational Infrastructure to raise Quality level across the Industry. This helps to secure wider appreciation of the Interest of the Construction Business by the Govt.

The Complexities and Ever Changing Nature of today's Business Environment necessitates constant Evolution and Upgradation of one's Knowledge repository. While there is no match for Experimental Learning, which helps to develop a vision for the future and a clear ambition to be a developed region in social, economic, political and psychological terms. Infrastructure is an enabler of economic activity and human development, and by many indicators, SAARC countries are lagging in terms of their domestic infrastructure. While building infrastructure is considered a national endeavor and it might be counter-intuitive to think regionally, there are several domestic benefits in collectively building some SAARC-wide infrastructure. There are good prospects for SAARC to make progress in the area of regional public goods, such as health, education, environment, transport and energy grids.

SAARC countries must upgrade their co-operation in agriculture sector from mere traders of farm commodities to creation of sustainable farm value chain. Special focus must be given to upgrade rural infrastructure, including irrigation, road connectivity, post-harvest processing units, state-of-the-art storage facilities hence, there is need for providing **International Level facilities** not only in Tier-I cities but also other cities which have great potential to Develop into International Business Centers.

The Development of Cities would provide **better Job Opportunities for the Working Class, better Living Conditions for the family, Better Recreational and Amusement Facilities**. In short a better life style for the citizen. With a view to Provide Ideas, Concepts And Exposure to the Decision Makers.

NISTD has planned to organise the international study tours on different topics in below mentioned cities

Subject:- Capacity Building-Residential Training Programme

Dear Sir/Madam,

National Institute Of Secretariat Training & Development (NISTD), (Established by Department of Labour, Govt. of National Capital Territory of Delhi) Registration Certificate of Establishment No. :2022094022, representative of the various segments of Indian Industry. The Institute provides the impetus and the Organizational Infrastructure to raise Quality level across the Industry. This helps to secure wider appreciation of the Interest of the Construction Business by the Govt.

Capacity Building for better cities is the effort to strengthen and improve the abilities of personnel and organizations to be able to perform their tasks in a more effective, efficient and sustainable manner. It needs to be appreciated that capacity building is a long term and ongoing effort which needs to be institutionalised in the planning and implementation process starting from the ULB to state to the central level programs. Capacity Building needs to be a continuous and ongoing initiative whose aim is to improve and facilitate the skill sets and processes involving human and other perceivable inputs. There is a need to calibrate and benchmark continuously against measurable indicators over a period of time in order to make course corrections to achieve the desired results.

The objective of Capacity Building programme as emphasised are:

- Professionalizing urban management through creation of a municipal cadre, city managers who can manage and govern cities especially in urban planning, E-governance / IT, municipal infrastructure and service delivery.
- Enhancing capacities/supply side/agencies to provide state of the art skills and resources to meet required demands of city managers and associated agencies thereby enhancing their capacities to improve city management, governance reforms, municipal infrastructure and service delivery.
- Institutionalise the use of appropriate tools and processes to enable better planning and implementation of municipal infrastructure, service delivery and governance reforms.
- **We are approaching you through this letter with a request to disseminate the list of these program to all the departments/ offices in your Area of Responsibility so that they can avail the benefit of the same.**
- **These programs will help the officers to identify the areas of weakness in the systems and thus boost the economy and employment in the State.**
