 Subject: Request letter to share ICRC vacancies on MOH website

Dear Mrs B G S Gunathilake,

We bring you greetings from the International Committee of the Red Cross (ICRC).

The ICRC employs approximately 16,800 experienced staff from various background such as Health, Law, and Finance etc. who apply their skills and expertise to people in crisis around the globe. Staff working in humanitarian field often gain valuable experience during their time of working in basic setups.

The ICRC is in the process of recruiting health professionals from all over the world. We reach out to you to apprise the medical professionals from Sri Lanka for such global opportunities.

In our brief discussion with Dr. A.I. Jagoda, Director/ Health information, MoH, Nutrition and Indigenous Medicine, Sri Lanka on 25th July 2018, we discussed how to engage with medical professionals from Sri Lanka to work in ICRC global health projects. One of the proposal is to share our international vacancies on your website to apprise the health professionals.

We appreciate if you support us to share these vacancies on your website. Attached is the formal request letter from the ICRC.

Thank you for extending your support to the ICRC. Looking forward to hearing from you.

Dear Dr. B G S Gunathilake,

We bring you greetings from the International Committee of the Red Cross (ICRC).

The ICRC is an independent and non-political organization with a large scope of strictly humanitarian activities which it undertakes through its presence in over 80 countries around the world. It has a universally recognized responsibility to promote International Humanitarian Law (IHL) and to respond to the needs of people affected by situations of humanitarian concern, in particular armed conflict and violence.

The ICRC employs approximately 16,800 experienced staff from various background such as Health, Law, and Finance etc. who apply their skills and expertise to people in crisis around the globe. Staff working in humanitarian field often gain valuable experience during their time of working in basic setup.

The ICRC is in the process of recruiting health professionals from all over the world. We reach out to you to apprise the medical professionals from Sri Lanka for such global opportunities.
